Doctor Furnishes Certificate in
Regard to Case of Alleged
Severe Frost Bite

For the purpose of dealing with
complaints of the unemployed
the welfare board has made arrangements
with the city hall to hold a meeting
every Saturday at 3 p.m. in its
offices at the city hall.

Complaints and suggestions
from any persons now receiving un-
employment relief may be made to
the welfare board, and will be referred
to the secretary of the committee
which will be responsible for writing
and publishing the proceedings of the
preceding meetings.

This is the outcome of the con-
ference recently held in the mayor's office,
and since the above decision has been
forwarded down to the welfare board
and others attending the con-
ference.

No Hospital Act

The provincial hospital welfare
act also points out that no organization
calling itself a committee of the
employed can be allowed to collect from
the employed association, as it may time
make application to the board.

The decision was based on record
that the promises of the re-
lief committee were not fulfilled in the
provincial act.

The unemployed of the city of Edmonton have been
headcounted and suffered such hand-
icaps that the welfare board has
decided to recognize the claims
of the unemployed by the welfare
board.

It resolved: That we, the citi-
zens of Edmonton, do hereby resolve
that a committee of the central
council of the Edmonton unemployed
recognizing necessary
secretary, and the other duly accredited
secretary, and for the civic welfare
board, be granted them all times

The resolution referred to above is
the one passed at the public meeting
on March 2, 1922, at the Hotel Alberta
at 8 p.m., when Mrs. Murphy was
elected chair and Mrs. Nellie Mc-
Lennan, secretary.

The resolution reads:

The unemployed of the
city of Edmonton have been
headcounted and suffered such hand-
icaps that the welfare board has
decided to recognize the claims
of the unemployed by the welfare
board.

Finance Minister Expected Back Saturday; Statement May Be Withheld Until After Conference

Ottawa, March 4.—It is not yet definitely known whether or not Hon. W. S. Fielding, minister of finance, will reach Ottawa today on his return from Washington where he has been canvassing the possibilities of tariff amendments and agreements between the two countries. At all events, it is known that a statement was made that word had been received from the minister, though it was thought he might return to Ottawa today. While it is expected that the minister of finance will have some statement to make regarding his trip to the American capital, this may be withheld by him until he has had time to confer with his colleagues.

Griffith-Boscawen Says British Government Will Not Sacrifice Cattle Industry To Benefit Few

London, March 4.—Sir A. Griffith-Boscawen, minister of agriculture, breaking at Wells last night said the cost of living in Canada has caused him to reduce the estimates of the ministry of £1,000,000 which he had put down on top of a cut of £1,161,000 affected by the miners before the coming of the miners' strike.

Referring to the Canadian embargo, Sir A. said: "We do not propose to sacrifice the great breeding industry of Great Britain in order to benefit a few individuals. Canadian cattle were replaced by British cattle, and if that is what would be the case, how would the butcher benefit?" asked the speaker. "The butcher benefits," said the minister. It was impossible to give an exact amount of meat carried by the ships which came in, but the amount of meat carried by the ships which had been imported.

RYLEY SUFFERS MORNING BLAZE WITH BIG LOSS

Conflagration Had Its Origin When Store Mice Ignited Matches

Fire practically destroyed the entire business section of the town of Ryley about 10 miles west of Lethbridge on the Grand Trunk Railway Saturday morning, the cause, presumably, being the ignition of matches which had been chewed by mice in a general store.

The fire is understood to have originated in the general store of H. D. Hougham which building houses the post office and the residence of Mr. L. Archer, the officer in charge of the Ryley Times. The office of the Ryley Times was destroyed and all its presses and type were lost. The works calculated to have been destroyed sufficient to put the town on the Grand Trunk line.

The Humphrey家庭 house was badly damaged and the postoffice also suffered, the smoke spreading in the course of the fire. The fire was extinguished at eight o'clock and despite the heroic efforts of the Ryley fire department to prevent the spread of the conflagration, the work was done in the business section. When the fire was discovered, an emergency call was sent out for help to nearby towns and the brigade from Lethbridge arrived in time to save the rest of the imperiled Ryley.

Mr. Hougham, owner of the Ryley Times, was unable to get in touch with his publisher in New York, but it was impossible to give an exact amount of damage carried by the companies whose buildings and stock had been destroyed.
